PROFESSIONAL SUMMARY

Computer Science (AI-ML) graduate with strong foundations in Python and Machine Learning, seeking opportunities to build real-world, scalable software solutions while continuously learning emerging technologies.

EXPERIENCE

AI Intern

Jan 2026 – Feb 2026

Infosys Springboard Internship

- Collaborated with a team to design and develop a Voice-Based Email & Messaging Assistant using Python.
- Integrated Gmail API, implemented authentication modules, and developed backend functionalities.
- Worked on API integration, debugging, and feature implementation.

Data Science & Machine Learning Intern

June 2024 – July 2024

ExcelR

- Performed data preprocessing, cleaning, and visualization using Python.
- Built and evaluated Machine Learning models using Scikit-learn.
- Applied feature engineering and model evaluation techniques for predictive analytics.

PROJECTS

AI Blog Generator

- **Tech Stack:** Python, FastAPI, LLaMA, OpenRouter API
- Developed a Generative AI-powered blog generation platform using LLaMA through OpenRouter API.
- Integrated secure authentication, AI chatbot, blog history, Unsplash API, and export functionality.

Voice-Based Email & Messaging Assistant

- **Tech Stack:** Python, Gmail API, SpeechRecognition, Git, GitHub
- Developed a voice-controlled email and messaging assistant using Python and Gmail API.
- Implemented AI-powered email summarization, smart reply generation, secure user authentication, and backend integration to enhance email management.

SKILLS

Programming Languages: Python, SQL

Core Concepts: Object-Oriented Programming (OOP)

Machine Learning: Data Preprocessing, Feature Engineering, Model Evaluation

AI: NLP, Large Language Models (LLMs), Generative AI

CERTIFICATIONS

Python Essentials 1 – Cisco Networking Academy: Completed foundational training in Python programming including syntax, data structures, functions and OOP concepts. (May 2025)

Database Management System – NPTEL, IIT Kharagpur: Completed in-depth coursework in relational databases and normalization. (Mar 2025)

ACHIEVEMENTS

- Secured 2nd Position in the IEEE Virtual Aptitude Challenge conducted at GVPCEW.
- Secured 3rd Position in the Web Application Challenge organized by AIMERS Club.
- Supported registrations and logistics for over 500 attendees at DevFest 2024 and coordinated Yogandhra 2025, a Guinness World Record yoga event with over 400 participants.

EDUCATION

Gayatri Vidya Parishad College of Engineering for Women

2022 – 2026

B.Tech – Computer Science & Engineering (AI-ML)

CGPA: 8.74
